

ICCTA Quick Survey Results - February 2026 - AI Policies

College	Does your college currently have an existing AI policy in your Board Policy and/or Administrative Standards documents?	If you are willing to share your current AI Policies, please upload the files below.	Do you anticipate creating a Board Policy and/or Administrative Standard specific to AI? If so, in what general timeframe?	Please share any additional feedback you have regarding the topic.
Highland Community College	No			Highland has an AI statement in the College catalog as part of the academic integrity section; however, it is not in policy.
Prairie State College	No		I do see this happening in the future, although I do not have a specific timeframe available.	
Illinois Central College	No		The College is currently working on an SOP that addresses the basic use of AI as an employee, which will hopefully be implemented soon.	Regarding academics, there's a brief mention in the Academic Integrity Policy of our student handbook, but it's up to the instructor to define what can or cannot be done in the course with AI.
Sauk Valley Community College	No			
Kankakee Community College	No			
Joliet Junior College	Yes	https://www.iotform.com/uploads/iccta/260344523627152/6462036982868014360/AI%20Acceptable%20Use%20.pdf		
Harper College	Yes			AI is accounted for in our Acceptable Use for Harper College Technology 07.09.03.
